

## Village Hall Annual Report

The Village Hall committee changed during 2017/18 resulting in only 4 members, we have advertised for more “helpers” throughout the year without any success. Some of the existing members have confirmed that 2018/19 will be their last year on the committee.

The Village Hall lost money due to reduced revenue from existing weekly / monthly clubs ceasing and losses on fundraising events due to low attendance numbers. Due to the low attendances at our main fundraising events, we have had to cease these for the time-being and we will only plan future events on the basis of advanced ticket sales to ensure that the event will be profitable.

Our main focus for 2018/19 is to recruit new members for the committee in order to that we have a committee for 2019/20 and who we hope will bring new ideas.
