

## WI report

The Shimpling & Alpheton W.I have had another busy year. Our membership numbers have remained steady, with some people leaving but new members joining. We have enjoyed a number of interesting speakers ranging from Tudor costumes complete with life size models, to assembling a hanging basket for summer & making small flower posies.

Our annual outing was to Holkham Hall in Norfolk where we enjoyed the house, gardens & grounds. We have enjoyed a meal out & a visit to the theatre. In September we helped to plant 2500 daffodil bulbs around Shimpling village & this spring we could see the results of this as the village looked beautiful. We look forward to another good year.
